About Us.

Beth El Guesthouse was established in 2015 with a mission to provide exceptional accommodation services that combine comfort, convenience, and affordability. Founded by Leticia Jacobs, the guesthouse was born out of determination and resilience during challenging financial times. What started as a small initiative has now grown into a trusted hospitality provider catering to both local and international guests.

Our location in Brackenfell offers easy access to Stellenbosch University, the University of the Western Cape, and nearby hospitals, making it an ideal choice for students, visiting families, and medical travelers. With a strong emphasis on personalized service, upgraded facilities, and a homely atmosphere, we have earned the trust of numerous reputable clients, including Shoprite, Eskom, McDonald's, Transnet, Gene Louw Traffic Department, municipalities, and other corporate organizations.

Looking to the future, we aim to expand our business by acquiring a larger property to offer facilities for weddings, events, and conferences, further enhancing our range of services.

Mission & Vision.

VISION

To become the preferred one-stop hospitality provider, offering comprehensive accommodation and event solutions tailored to every need.

MISSION

We are honest, caring, and passionate about what we do, striving to create a home-away-from-home experience that leaves a lasting impression.
